

# HiHo 2000 DRS Vape Detector

- Comes equipped with a 5m lead
- Equipped with silent alarm
- Vape Detection Real-Time monitoring providing immediate alerts when vaping is detected, also covers smoke & air born particles
- Equipped with Smoke Detection Alert
- Adjustable sensitivity & alarm thresholds to suit all environments
- Mobile Smart App that allows the device to be managed remotely
- Incorporates a laser scattering PM2.5 Sensor
- Can be used in all locations where vaping is prohibited
- Easy Installation
- 2 Year Warranty

Supports the TUYA APP

## Technical Specification

|                        |                                                              |
|------------------------|--------------------------------------------------------------|
| Dimensions             | 90mm x 90mm x 26mm (without bracket)                         |
| Power Supply           | Mains powered 220/240V (plug supplied)                       |
| Sensors                | PM2.5 Laser Scattering (optional : temperature and humidity) |
| PM2.5 Detection Range  | 0-999 $\mu\text{g}/\text{m}^3$                               |
| PM2.5 Response Time    | $\leq 10\text{s}$                                            |
| Connectivity           | WiFi 2.4GHz                                                  |
| APP Control            | TUYA APP                                                     |
| Working Temperature    | $-10^{\circ}\text{C} \sim +55^{\circ}\text{C}$               |
| Working Humidity       | $\leq 95\%\text{RH}$ (non condensing)                        |
| Installation Positions | Wall or ceiling mounted                                      |
| Warranty               | 2 years                                                      |
